\*Redeemer has a budget for some of the adult mentors and translators, but not all. This figure represents the difference..

\*\* In addition to the above, you will be expected to prepare a craft project, and purchase the supplies. You should plan on approximately \$10-\$15. However, the Amigo Tree is a good way to receive some of your crafts as a donation.

\*\* Additionally, it is recommended that each student bring no more than \$50 in spending money on the trip.
